

The Independence County Office of Emergency Management is offering an All Hazards early notification program thru Alert Express. This is a free program. Recipients must sign up, giving the name of the fire district you live in, your name, address and up to two numbers (landline or cell) they wish to be called on. The first number listed will be the primary number. You will then be entered into a secure data base and grouped according to your fire department coverage. No information will be shared with outside groups. If after sign up you do not wish to be a part of the program, you will need to submit a letter (no phone calls) to the address below asking for your name and number to be removed.

Types of notifications to be included in this program are, but not limited to; Tornado warnings, flood warnings, ice storms, Amber Alerts, missing persons, prisoner escapes, boil water alerts, road closings, major health alerts, evacuation routes, school closings, and chemical spills.

The Alert Express number of 501-682-7424 will show up on caller ID when a message is incoming. Do not try to call this number back.

Depending on the nature and severity of the incident, such as a flood warning for the areas along the White River, your fire department coverage area may or may not be notified.

To sign up, you can fill out the form below and mail in. Due to limited personal approved to work this site, we will not accept phone calls in our office for sign up.

Please fill in the following information and mail:

PLEASE PRINT
